## DAHLIAS

**MRS. JAMES ALBIN, FD.** We offer this grand yellow decorative as by far the best variety in its color that we have ever grown and we do not hesitate to say that it is far ahead of any yellow on the market for florists and growers.

The bloom is of an excellent formal type, deep rich yellow in color and is a very good keeper. The stems are straight and stiff and may be cut three feet or more in length.

The plants are uniformly vigorous and healthy in growth, have a rich green foliage, are free from disease and seem exceptionally resistant to insect attack. They grow four to five feet in height and branch freely, producing a heavy crop of flowers.

Due to heavy increase in stock we are able to make a reduction in price that will place it within reach of all florists who wish a high class commercial yellow for the cut flower trade.

Roots 60c ea.; \$7.00 doz.; \$50.00 per 100

C—Cactus FD—Formal Decorative ID—Informal Decorative SC—Semi-Cactus

## NEW MINIATURES

**AURORA, MFD.** Brilliance of color is the outstanding feature of this new miniature. The orange, red and gold blend so perfectly that a flower of rare beauty is produced. The plants are sturdy growers and the long stems hold the bright flowers well above the foliage.      \$7.00 doz.; \$50.00 per 100

**RANGER, MFD.** Here is a fine little dahlia for the florist. The tall growing plants are of perfect habit and produce an abundance of clear orange-red blooms on long stiff stems.      \$15.00 per 100

**PRINCESS ALBA, MFD.** Here is a miniature that sets a new high standard in the white class. The plants are tall and of excellent growing habit and produce quantities of perfectly formed blooms on fine long stems.      \$15.00 per 100

**ROSALIE WHITE, MFD.** A most pleasing bi-color that has become very popular. The color of this little gem is white with broad clean cut bands of deep rose on the edges of the petals leaving the tips white. The plants are medium tall and are sturdy growers and the blooms are held erect on good stiff stems.      \$7.00 doz.; \$50.00 per 100

**LITTLE ROSEATA, MFD.** This is one of the most important of all the cutting varieties. The blooms averaging from 3 to 3½ inches are a popular shade of soft pink and are good keepers. The plant has an excellent habit of clean open growth, is about 4 feet high and produces flowers freely on stiff straight stems from early season until frost. We do not hesitate to recommend this as the best pink miniature in its class.      \$15.00 per 100

**KIRBY JR., MFD.** A miniature in the class with Little Roseata. This is a sturdy, tall growing variety excellent for the florist. The color is a deep scarlet with a rich ruby center. This rich shade in a good cutting dahlia rounds out the list of good selling colors we are now offering in our new tall growing miniatures and will make a valuable addition to any collection.      \$15.00 per 100

**CORINNA, MFD.** A deep yellow miniature of good formation and habit of growth. This is an excellent variety for cutting having good long straight stems and good keeping qualities. It is of great value where a clear pure yellow is needed.      \$15.00 per 100

**DEANNA, MFD.** The most delightful shade of clear pink, so seldom seen in a dahlia, makes this little gem stand out above all others. The plants are sturdy growers and the blooms are held well above the foliage on long straight stems. A most beautiful little dahlia and a fine commercial variety that is liked by all who see it.      \$15.00 per 100

**SUFFOLK, MFD.** This is another profitable variety for the florist to grow. The color is a rich apricot and the rather compact blooms, held erect on long stiff stems, are produced freely. Plants are tall and sturdy and remarkably resistant to insects.      \$15.00 per 100

**BABY SAGAMORE, MFD.** This is one of the most important of all the miniature dahlias. The general color effect is a bright bronze which is always in demand by the florist. The tall plants are of excellent habit and produce blooms in great profusion. The stems are perfect and long and the flowers are long keepers. A new high standard of perfection has been set by this grand little dahlia.      \$15.00 per 100

**JUDY, MFD.** In this variety we offer a truly grand little dahlia. A great winner in the shows, and it has been certified at Storrs and at the West Virginia Trial Grounds. The medium tall plants are dependable growers and produce quantities of blooms on excellent stems. The color is a rare shade of rich burnt orange.      \$8.00 doz.; \$60.00 per 100

**CORALETTE, MFD.** A miniature very distinctive both in color and type of bloom. The flowers are perfectly formed and hold tight centers until frost. They are produced freely on very long stems and are most satisfactory for cutting. The color, a new shade of coral pink, is most popular with florists.      \$15.00 per 100

**MARGO, MFD.** Here is a miniature that grows six feet tall and produces perfectly formed blooms on stems up to 24 inches in length. This dahlia has come a long way from the dwarf varieties of a few years ago and sets a new standard in the commercial miniature class. The blooms are an unusual shade of scarlet-pink and are excellent keepers.      \$10.00 per 100

**LANNIE, MFD.** This is a fast blooming, clear, deep yellow of compact formation with long stiff stems. Plants are very tall and extremely prolific, blooming from early season until frost.      \$10.00 per 100

**ORANGE GLORY, MFD.** A very beautiful orange colored decorative of perfect formation. It is a most pleasing one-tone shade and is extremely desirable for cutting. Plants are sturdy growers.      \$10.00 per 100

**LITTLE DUKE, MFD.** The color of this little formal is a deep rich Burgundy. The very dark green, insect resistant foliage forms a pleasing contrast to the richly colored blooms. The plants are unusually sturdy and can stand the hardest seasons.      \$15.00 per 100

**PAULA, MFD.** A beautiful little formal of clear lilac. Plants are free blooming and are very sturdy growers with dark green foliage.      \$10.00 per 100

**HENRIETTA, MP.** In this novelty we offer something decidedly different. The flowers are white with yellow centers and the petals are margined with bright orange. A sure winner for you.      \$15.00 per 100

**TAMARA, MP.** A seeding of Henrietta and exactly like it in form of bloom and habit of growth but the flowers are margined with brilliant red instead of orange. These two novelties will "shine" in the garden, the florist's shop or the exhibition hall.      \$15.00 per 100
